

A heart along the roadside

June 2, 2020

By Kristena Schutt-Moore

People are showing their love and support for their community, the front line workers, the environment and many other things during the COVID-19 in unique and artistic ways. Several property owners along Musclow-Greenview road to show their love and appreciation by sharing a heart shaped sculpture at the end of their driveways. This creates a lovely drive for those looking for a bit of joy during these crazy times.
